

CureFast

Dry-Set and Grout Additive: Liquid latex additive shall be TexRite CureFast used in lieu of water with TexRite Dry-Set mortars and grouts to accelerate the set time and modify the mortar with latex (as manufactured by Texas Cement Products, Inc.). Mortars shall meet or exceed ANSI A118.4 Fast-Setting Latex-Portland Cement Mortar when mixed with TexRite Dry-Set Mortars. Grouts shall meet ANSI A118.7 Polymer Modified Grout when mixed with TexRite Grouts.
